FIGHTING BOB HIS FRIEND.

Prince Henry Welcomes

Talks of His Trip to
Our Ambassador.

Promises to Call on Mr. White
for a Cup of Tea and
Talk Some More.

BY THE NEW ASSOCIATED PRESS-P.M.
BERLIN, Jan. 18.—(By Atlantic Cable.) Prince Henry of Prussia, in talk-
ing over his plans with United States Ambassador White, at the dinner given last night by Baron von
Hausen, the German Minister of Foreign Affairs, to Prince and Princess Henry, the American Ambassador and Mrs. White, John R. Jackson, secretary of the embassy, and a number of distin-
guished persons, said he was especially pleased with the arrival of Senator D. Evans to receive him in the United States, as there was an old sailor's
friendship between them.

English was the only language em-
ployed at this dinner, at which, be-
sides the guests already mentioned,
the entire personnel who will be
accompanying Prince Henry to the United
States were present. The Prince told
Mr. White that he would call upon him
some afternoon this week to have a cup
of tea, and continue their talk about
his trip to America.

Prince Henry, who is considerably
taller than Emperor William, will be
surrounded on his trip to the United
States by very large and tall men. Ad-
miral Von Tirpitz, the German Secretary
of the Navy, who will accompany the
Prince, gives the impression of being
more than six feet tall, while Gen.
Von Plessen, a member of the Emperor's
military household, is six feet four.
Vice-Admiral Von Sackenfeld, who
will also be with the party, is 6 feet 2
inches tall, and very large of frame.

COQUELIN AND THE KAISER:
BY THE NEW ASSOCIATED PRESS-P.M.
BERLIN, Jan. 18.—Constant Coque-
lin, French actor, who is now play-
ing here, has the following com-
ment about Emperor William, by whom
he was received yesterday:

"Three things about Emperor Wil-
helm astonish me. The first is his easy
and almost accentless use of Parisian
French; the second is his intimate
knowledge of Paris, and his complete
acquaintance with the current social
life of Paris, concerning which he is almost as well informed as though
he were living there. The third is his
theatrical managers, and the fact that
the extreme simplicity and cordiality of
his manner."

PITTSBURGH'S VETERANS:
BY THE NEW ASSOCIATED PRESS-P.M.
PITTSBURGH, Jan. 18.—Representa-
tives of 3000 veterans of the
Franco-German War met today and
appointed a committee to prepare an
address to be presented to Prince
Henry upon his arrival in New York.

MONTGOMERY (Ala.), Jan. 18.—White

mortally wounded last night by

white woman, who had entered the hall
without knowing the man, who had
ordered the musicians to play ragtime
music, and when they did not respond,
whipped out a revolver from under
her wrap and began firing.

Slaughter and Johnson were killed
instantly. Slaughter received a bullet
in the mouth and Johnson one in the
left eye. The bullet in the eye of
the latter was an unbroken, the

INSURRECTION IN FORMOSA.

Natives Making Trouble for the
Japanese Who Have Sent Seventeen Com-
panies of Militia Against Them.
BY THE NEW ASSOCIATED PRESS-P.M.
TACOMA, Jan. 18.—(Exclusive Dis-
patch.) Advices by the steamship Ta-
comas say that the insurrection move-
ment in Formosa is more serious than
was first supposed. Twenty-five hundred
native rebels in Southern Formosa
have taken up arms against the
Japanese authorities. The prevailing conditions
are similar to those in the Philippines,
making it almost impossible for the
Japanese troops to follow the insur-
gents into the swamps and jungles
where the latter are able to live. In
the city of the Japanese, lost 21
killed and 20 wounded. Two
of their leaders and 156 of their followers
were killed or captured. Neither party
gained the advantage by this battle.

The insurgents are carrying forward
such a vigorous campaign that the
Japanese have sent seventeen com-
panies of militia against them.

Los Angeles yesterday heard two ad
dress from John Willis Baer, of Bos
ton, world secretary of the United So
ciety of Christian Endeavor, who ar
rived in this city Saturday on a fly
ing tour of the West. He spoke in the
First Congregational Church at the
morning service, and the church was
filled to the doors.

The Chautauk Park and Theater had a
good business yesterday, several new
features being introduced to amuse the
public. A good programme has been
arranged for the coming week, and the
theatre will be open with a special
programme. It will consist of a unique concert, en
titled "The Toy Breakers;" Harry
Griffith, the American Sandow,
Novello, the English singer, will sing a
novelty entitled "The Box and the
Fan," and vitascope pictures.

Promo Wants Tourists.

J. D. Whitman, a Fresno real estate
dealer and publisher of the Daily Real
State Record, is at the Hollenbeck
Hotel. Whitman has been raising
among the real estate houses since his advent
in the city of raisins. He opened offices there fifteen
years ago, and now employs ten pe
sonal agents. His branch office has been
established at San Francisco, and Mr.
Whitman's Los Angeles visit is with the
object of opening a branch here, and
the attention of tourists may be
turned to the attractions of Fresno
county extensively."

Lucky Passengers.

A case of gratifying honesty came to
light here yesterday, when a man who
had just dropped into one of the hotels
in search of an experience he had on the
street of the city from San Francisco.
When he retired at night in his
state-room he placed a wallet containing
\$60 under his pillow. On leaving the
room the next morning he found it to be
the room. When he discovered he
had wired south to intercept the
steamer and received a reply that the
steamer had been found in the berth by
the man, who turned it over to the
captain.

Rain is Over.

The rainstorm, of which the ranch
and the weather man and everybody
else in Southern California had so
simply shown that it would rain
times in this part of the State. The
storm here lasted hardly two hours, and
during that time .15 of an inch of rain
fell, making the total for the season
2.25 inches. Then the sky cleared, and
although the heavy clouds hung over
the mountains and caused many per
sons to believe that more rain was
coming, the sun shone brightly. At the
Weather Bureau office showed that
there was little chance for more. The
direction of the wind had changed and
the rain gauge had hardly moved. It was
higher than it had been for more
than a week. Los Angeles got
only a small corner of the storm, which
passed eastward over the city, or
rather over the mountain ranges to
the north and east. The storm
tended to fall south of San Diego, but
on the coast the rainfall was not
as heavy as at many points in the
interior.

Revival Programmes.

An unusually interesting meeting of
Methodist bodies took place yesterday
in the Young Ladies' parlor of the
First Methodist Episcopal Church.

Mr. and Mrs. Baer, pastor of the
Methodist Episcopal church of Los
Angeles, in company with representa
tive laymen, took part. The object
was the mapping out of a programme
for the coming year of revivals
to be conducted by Evangelist
Peter of Chicago, assisted by the
famous singer, F. P. Bilbom, gospel
singer of international reputation.

Mr. Baer did not touch upon the
organization with which he is so inti
mately acquainted, but talked briefly
from a text taken from I Corinthians,
vi, 20. "Ye are not your own; we are
those belonging to God."

Once when saying good-by to my
wife my little four-year-old girl began
to cry and said, "I am going to heaven." When
her mother asked her what she wanted
she said: "Oh, I just want to go to
heaven." "Are you and I to go to heaven?"
she asked. "Yes, we will stand by each other
until we are with God." "I am going to
heaven," she said, "but we will be
separated when we get there." "No, we
will be together forever," her mother said.
"We seldom see people in heaven," she
said. "Yes, we see the awful crucifixion
of Christ's hands until we have
taken it once and dropped it." "I
will be with you when we get there,"
she said. "Yes, we will be together
forever," her mother said. "I am
